

Our Council's Own Try-It: Confectionarily Yours

To complete this Try-It, do four activities

1. Visit and tour a bakery. Watch while they decorate cakes and cookies.
2. With your troop, or a friend and an adult, make a cake from scratch or from a mix. Help purchase the ingredients for your cake.
3. With your troop, or a friend and an adult, make homemade icing or icing from a mix for your cake. Learn how to make icing in different colors so that you can decorate your cake.
4. Learn to use at least four cake decorating tips. Make practice designs on wax paper. Decorate the cake that you made.
5. Make a yeast dough recipe for cinnamon rolls. Be sure to try kneading your dough.
6. Make a batch of your favorite holiday cookies and share them with your troop. Share the recipe with the troop so others can make your cookies.
7. Make homemade fudge or molded candy. Share the candy with your troop or family.
8. Take a plate of your homemade confectioneries to a nursing home, day care center or other similar setting.
